Care Chemicals

REACH Status

The product Laricyl® BC10206 supplied by BASF within the European Union is compliant with Regulation (EC) 1907/2006 (REACH) as all substances it is composed of,

- are excluded from the Regulation, and/or
- are exempted from registration, and/or
- have been registered by BASF and/or its suppliers.

Please note, that REACH requirements still might apply to import, re-import or specific uses.

REACH Registration Number:

The REACH registration number of any registered substance which is marketed as a commercial product by BASF is provided in Section 1 of the Safety Data Sheet (SDS). For products being mixtures the registration number of any registered substance contained and being listed in Section 3 of the SDS as a hazardous ingredient is provided in that section.

Identified Uses:

A general description of relevant identified uses of the product is provided in Section 1 of the SDS.
For registered substances, exposure scenarios are provided as an Annex to the SDS only if the substance is subject to hazard labelling under Regulation (EC) 1272/2008 (CLP) and an exposure assessment is required.

In accordance with Article 14 (5b) of the REACH Regulation exposure estimation and characterisation of risks to human health need not to be performed for end uses in cosmetic products within the scope of Regulation (EC) 1223/2009. Thus, the Product Category PC39 (cosmetics, personal care products) does not need to be considered in any exposure scenario provided in the Annex of the SDS.

SVHC:
To help our customers to fulfil their communication duties under Article 33 of the REACH Regulation, information about substances considered for authorisation according to Article 59 of REACH (Substances of Very High Concern - SVHC) will be included on the Safety Data Sheet.

Any substance appearing on the candidate list for authorisation and which is contained to more than 0.1 % in the product will be described in Section 3.2 of the updated version of the Safety Data Sheet. As new substances appear on the candidate list updates, the changes will be evaluated and may trigger an update of relevant Safety Data Sheets.
