Care Chemicals

Product INCI(*): BUTYLENE GLYCOL (And) FOMES OFFICINALIS (MUSHROOM) EXTRACT (And) PEG-40 HYDROGENATED CASTOR OIL

This product is compliant with the Cosmetic Supervision and Administration Regulation (CSAR) implemented on January 1, 2021 and it is listed on the National Medical Product Administration (NMPA) website under submission no. 142335-01445-5372.

The INCI name of the product mentioned above is currently listed in the IECIC 2021 and/or positive lists of the Cosmetic Safety and Technical Standard (2015 version) **(*)**.

NMPA published the IECIC 2021 on April 30, 2021. The IECIC is the collection of cosmetic ingredients used for manufacturing and trading within domestic China for cosmetics.

It is our understanding that the IECIC 2021 and the positive lists of the Cosmetic Safety and Technical Standard (2015 version) can be used as references to identify if the above product is regarded as an "existing" cosmetic ingredient in China which may not require new cosmetic ingredient registration.

However, NMPA has not conducted the safety evaluation on all listed cosmetic ingredients. To ensure compliance of a finished cosmetic product, the cosmetic manufacturers shall ensure the regulatory compliance of the listed cosmetic ingredients in the intended use according to the relevant regulations, standard and requirements. In addition, the cosmetic manufactures shall conduct a safety/risk assessment of the finished cosmetic product(s).

Note:

Cosmetic ingredients produced or imported in China for the purpose of manufacturing finished cosmetic products in China are subject to the provisions of listing in the Inventory of Existing Chemical Substances (IECSC).

For information on the IECSC status of the product mentioned above please refer to the document "Chemical Inventory".

(*) Please refer to "Composition sheet" document for the INCI composition to be considered for CSAR.

CSAR: Cosmetic Supervision and Administration Regulation
IECIC: Inventory of Existing Cosmetic Ingredients in China
INCI: International Nomenclature of Cosmetic Ingredients by PCPC, USA
IECSC: Inventory of Existing Chemical Substances Produced or Imported in China NMPA:
